MY SECRET NEW DYNAFLEX METHOD

CAN BUILD YOU A MAGNIFICENT NEW HE-MAN-MUSCLED BODY IN JUST TEN MINUTES A DAY—with absolutely NO weights—NO bar-bells—NO EXERCISE AT ALL!

Yes! If the girls LAUGH at you now when you take off your shirt—they'll be breaking down the doors to get dates with you—once they've seen the rugged DYNAFLEX BODY I can give you! I'll build you a tough brutal massive body—shoulders clad with solid inches of he-man BRAWN. I'll give you bulging biceps, trip-hammer fists, power-packed legs, and a chest that will have you popping the buttons off your shirt with pride! (—says MIKE MARVEL, "Builder of Champion Bodies")

ARE YOU ASHAMED OF YOUR BODY NOW?

Pal—do YOURSELF a favor! Take a good long look in a mirror. Do you see a puny, starved body—scrawny arms—sloping shoulders —a flabby stomach and skinny legs? Do you? Then I laughed fellows grin when you take off your shirt!

BELIEVE IT OR NOT—I can add solid pounds of ripples, steely he-man MEAT to your build! I can take that skeleton arms and PACK 5-WEIGHT INCH with rock-ribbed power! I can take those sloping shoulders and build a strong steel MAN-SHELF! DRAWN! Your clothes drape divine-lines with GIANT RIPPLING DYNAFLEX MUSCLES that will have the girls gasping with awe and admiration! And with NO tiring exercise, NO high-priced gadgets or gym equipment!

Or is your problem a body sagging with soft rolls of unhealthy, unhandsome FAT? Fatty muscle—sagging stomach—a pot belly—bat—arms heavy with layers of BLUBBER! Are you ASHAMED to go to the beach and let them see your "FAT-MAN PHYSIQUE"?

If so, wake up fella! THIS IS IT! I will build off that fat and give you a lean DYNAFLEX BODY, crowned with a sheath of hard tough sandstone muscle! I can help you into a healthy, streamlined HERCULES symmetry with dynamic manly vitality! I'll give you a cut rock-hard midsection—legs muscled solid with power! I can send you my DYNAMITE into your guts and give you a magnificent build into which the magnetic SUPER-BODY SEX-APPEAL girls are hungry for. And with NO starvation diets—NO fattening substitutes—NO exercise machines!

HOW DYNAFLEX BUILDS BEAUTIFUL BODIES

DYNAFLEX is the modern miracle of body-building. It takes no tiresome exercises—no strict diets—no foods, and no weights or bar-bells. DYNAFLEX is the amazing discovery of a West German Doctor whose research into the Science of Strength found a thrilling new way to build GIANT BRAWNY MUSCLES in ten minutes a day. With DYNAFLEX you "fan" each muscle into—in a certain way—that is more effective than if you exercised that muscle 20, 30, even 100 times the old-fashioned way. With DYNAFLEX you get bigger results in ten minutes than after hours of grunting and groaning, hefting heavy weights. DYNAFLEX ensures each muscle in your body is being used to build, steely fibres and perfect symmetry. DYNAFLEX packs that muscle with glowing vitality—with strength and energy—FAST. In ten minutes a day I can make your body frame into a healthy rippling muscle—give you a deep, powerful chest—solid shoulders and iron wrists—tough, slim midsection—and YOU-THFUL VIGOR in your veins! DYNAFLEX MUSCLES don't have to go away. There's nothing wrong with the bar-bell and weight-lifting method . . . they're both better! Why waste time and money, why sweat and strain your way to a straggling, unsymmetrical SAMSON-STRONG BODY—when you can do it better—in ten minutes a—easier with the DYNAFLEX SECRET!

STRONG-MAN SEX-APPEAL ATTRACTS GIRLS

So honest, Dave does you KNOW you envy the boy with the virile, masculine build. Every man and boy secretly desires a broad brawny back, solid man-muscled chest, handsome he-man shoulders, arms rippling with tough, steely sinews, a narrow waist, slim hips and springy, power-packed legs. Yes, Dave, you KNOW that TWO-FISTED BIG MUSCLE SEX-APPEAL is what they only laugh at—envy eyes at—"adore" in a man!

Now I can give you a glowing new body, brimming over with sex and irresistible inches of solid muscle on your chest—he-man arms! I can build deep inches of beef and brawn on your shoulders, I will mold you a handsome body of perfect strength, give you a crushing grip, legs crammed with steel springs. A lean, hard rock-solid punch-proof midsection. Push your body in every and thrilling situation that will have girls falling at your feet.

GIVE ME TEN MINUTES A DAY —THAT'S ALL!

After DYNAFLEX, you'll be able to roll up your sleeves and take off your shirt for the first time in your life, you'll be PROUD of your new body! Then, and only then, will you go to your self-conscious, flabby friends—get ready for adventure and romance with a solid physique that glows and vibrates with virile he-man appeal. You'll be really proud to have people see your MAGNIFICENT HE-MAN-MUSCLED body at the beach or gym. And, when the fellows stare with envy and jealousy—when the girls crowd around to measure your iron biceps or touch your bulging brawny chest—then they ask in amazement HOW you did it—tell them about the Magic of DYNAFLEX!

Your Pal,
MIKE MARVEL
"Builder of Champion Bodies"

ARE YOU WEAK, ALWAYS TIRED, LACK PEP?

Whether you're thin and scrawny, or sagging with unsightly fat — my secret DYNAFLEX method will even you, vigor and red-blooded vitality into your puny, exhausted body. Once DYNAFLEX makes you a two-fisted dynamo of manly beauty, rippling with power, glowing with magnetic sex-appeal—you'll be bursting with pep-up-and-go. Man, you'll be really ALIVE—tingling with zest and rip-roaring energy —for the first time in years!

PROOF!

"I tried two other systems, before my buddy told me about DYNAFLEX. It really works, and how! I've put two inches on my chest, 1½ on my biceps, three inches on my chest. It's like magic!"
L. C., New York City.

"I never thought you could build terrific muscles without exercises or weights. Started DYNAFLEX two weeks ago, and am building a *great* physique."
K. D., Detroit, Mich.

"DYNAFLEX is the best yet. Only three weeks, and I have more dollar than I can handle! I am telling all my pals about DYNAFLEX."
F. S., Chicago, Ill.

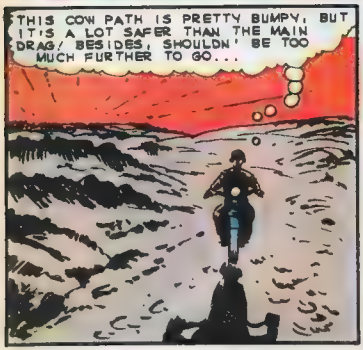
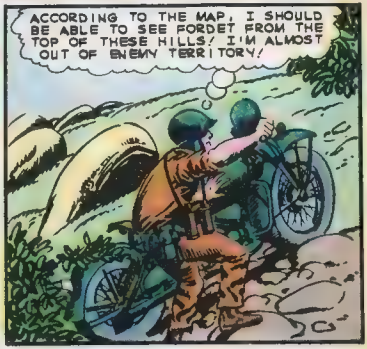
IF THIS KEEPS UP, I'LL HAVE THE WHOLE GERMAN ARMY ON MY TAIL! I'VE GOT TO TRY AND MAKE IT TO MY DESTINATION TONIGHT!
BUT, HERR COLONEL, I AM SURE THERE MUST HAVE BEEN TWO OR THREE OF THEM! YOU DON'T THINK JUST ONE MAN COULD OVER-POWER US!
I DON'T THINK---I KNOW! YOU HAVE LET HIM SLIP THROUGH OUR HANDS DUMB-KOPF!
ALERT ALL PATROL UNITS! THIS MAN MUST NOT REACH HIS DESTINATION! STOP HIM AT ALL COSTS!

ANOTHER PATROL/ BOY, THEY SURE ARE LOOKING FOR SOMETHING--- AND I'LL BET IT'S ME!

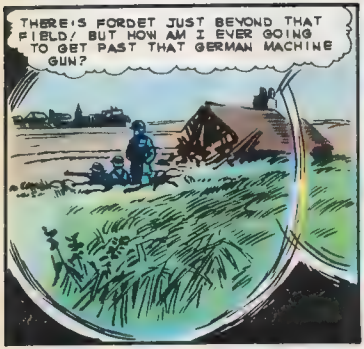
WOW/ THEY'RE COMING AT ME FROM ALL SIDES/ I'D BETTER TRY TO FIND SOME BACK ROADS...



THIS COW PATH IS PRETTY BUMPY, BUT IT'S A LOT SAFER THAN THE MAIN DRAG/ BESIDES, SHOULDN' BE TOO MUCH FURTHER TO GO...



ACCORDING TO THE MAP, I SHOULD BE ABLE TO SEE FORDET FROM THE TOP OF THESE HILLS/ I'M ALMOST OUT OF ENEMY TERRITORY!



THERE'S FORDET JUST BEYOND THAT FIELD/ BUT HOW AM I EVER GOING TO GET PAST THAT GERMAN MACHINE GUN?

THAT SHOULD HOLD THE BIKE ON A STRAIGHT COURSE...NOW I'LL JUST DOUSE THE BIKE WITH THE REMAINING FUEL...
IF I CAN JUST DISTRACT THEM FOR A MINUTE, I MIGHT BE ABLE TO BREAK INTO THE CLEAR...IT'S MY ONLY CHANCE...
ACH/ IT IS THE MOTORCYCLE/ THE AMERIKANISCHE MUST BE NEARBY/
UP THERE, BEHIND THE ROCKS/ AFTER HIM/
GOT TO---KEEP GOING---MUST BE---ALMOST THERE...

"Always Alert"

The day has long passed when our hero took his rifle down from over the fireplace. Then checked the powder horn, took his bullet mould with him, asked his sister to make some patches for him, and counted the available bullets he had in his pouch Then he said to his faithful wife

"Bessie you stay here and mind the young ones This should be a short war We'll teach them redskins a lesson they won't forget for a long time to come'

Five minutes later, our hero turned soldier was riding his horse to join as a volunteer the forces of General William Madison. Make no mistake about it, taking all into consideration he was a very efficient fighting man for his times and also for the conditions under which he had to fight. Today's fighting forces seem to depend upon two factors. The first is the sound training given to the men depending upon the tasks to be assigned to them The second is the constant research carried on by a variety of experts to see we are ahead of any other country in the world.

As for that research work in the various branches of our armed services we can take a look. Nothing told to you is of a confidential nature so you can freely talk about it with your friends. A program geared for the development of balloons which can remain aloft in the fringes of space for several weeks or more has been lofted into action by the Air Force research laboratories in Cambridge, Mass. The problem. The Air Force needs relatively inexpensive balloons which can support scientific probes near the edge of space

A development test conducted last summer exemplifies what the Air Force is doing in its search for sturdy, high-flying gasbags A 34-foot diameter balloon made of a tough, plastic material was eased to an altitude of 68,000 feet and remained there for 19 days before scientists ended its jaunt by radio commands from earth. The balloon, launched at Kindley Air Force Base in Bermuda, covered 9300 miles while aloft Its route took it from Bermuda, south of Florida, north of Mexico City, then across the Pacific to Hawaii and its cut down point near Iwo Jima

The balloon was kept under constant surveillance with the help of radio transmitters monitored by scientists at key ground stations. The payload contained performance-monitoring instruments and a variety of radio gear which included the command receiver to trigger the cut-down signal. The success of the flight has opened the way for tests of larger balloons at even higher altitudes.

The Department of Defense has begun construction of the $700,000 Cumberland Plateau Seismological Observatory located on a 9200 acre site about 12 miles south of McMinnville, Tenn When the observatory is completed this fall it will be operated by the Air Force. The new installation will be a part of a system of four seismological observatories. The first was completed in 1960 and is located in the Wichita Mountains at Fort Sill. Oklahoma. The Cumberland Plateau Observatory will be similar to the Wichita Mountains Observatory It will have 21 seismometers located in watertight vaults covered by about two feet of earth.

Ten of the seismometers will be arranged in a geometrical pattern suitable for detecting underground nuclear explosions. All will be monitered by the observatory's amplification and recording equipment. A staff of six will man the observatory-a station manager, station engineer, three data analysts and a station technician. Similar observatories are being built in Oregon and Utah. The entire system will cost approximately 2.1 million dollars.

Army experiments with those everyday coatings known as paint have resulted in two new developments. Scientists at the Engineer Research and Development Laboratories in Fort Belvoir, Va., have come up with an "organic stripper" which can remove paint or enamel from any type of surface within four or five minutes, and a green camouflage paint which reflects a high percentage of the sun s radiation.

The "stripper' which contains detergent emulsifiers, is considered superior to any type of paint remover now available. It softens the paint or enamel film, then releases a gas which lifts the film from the surface. The loosened, partially dissolved paint film is then flushed off with water. The stripper is nonflammable and can be applied to any surface by brush or

spray The new paint was developed after experiments with special green pigments. It can be used to camouflage Army missiles, which in the past have been painted white to prevent absorption of solar energy which could overheat delicate instruments.

The Army has received the first model of a new more-punch-per pound generation of self-propelled artillery. It is the M-107, a 175mm "Long Tom" weighing just under 30 tons. Another new self-propelled weapon, the eight-inch M-110 howitzer, is being produced on an adjoining production line of the company that has delivered the M-107. The M-107 has a 30-foot barrel capable of accurately firing a shell more than 20 miles. It replaced the M-55 self-propelled 155mm gun which weighs about the same, but delivers a much lighter projectile only half as far.

A triple purpose vehicle can carry either the M-107 or the M-110, or be used as an armored wrecker. When the gun is fired, a locking device eliminates spring in the vehicle's tracks, in effect converting them to solid platforms which transmit the recoil force directly into the ground. Thus, the weight of the vehicle can be cut almost in half without interfering with the action of the gun.

The gun control system uses recoil energy to adjust the tube and power loading devices, saving wear on the vehicle's battery. Diesel engines used with the M-107 and M-110 are capable of cruising 450 miles without refueling their 300 gallon tanks. A gasoline powered model would require 450 gallons of fuel for the same distance. Transportable in a C-133 aircraft the M-107 and M-110 have a top speed of 34 miles per hour, can climb a 60 per cent grade, cross over seven foot trenches, and roll over vertical obstacles up to 40 inches in height

A small, compact magneto requiring no spare parts or maintenance is currently being tested by the U S. Army. Unlike the conventional magneto, the new one is a throwaway type. It is expected to simplify logistics by eliminating complicated cataloging and supply of repair parts as well as bulky and expensive support equipment and tools Replacing the entire assembly, using the unitized magneto, has been found to be less costly and time-consuming than replacing parts in the conventional model. In addition, little or no training of maintenance personnel is required The new magneto weighs three and three-quarter pounds; occupies 45.0 cubic inches and costs less than $16. The earlier type magneto weighs nine and one-half pounds, occupies 78.5 cubic inches and costs $32.

The Army Signal Corps is making plans for a powerful broadcasting system designed to be airlifted by helicopter. The system-virtually a miniature radio studio-could be landed anywhere in the world and go on the air in a matter of hours. One of the transmitters will be a 50,000-watt standard broadcast unit, equal in power to the largest commercial radio station, with an area coverage up to 12,000 square miles. A second transmitter is of 50,000-watt short wave design with a range up to 6000 miles.

9 complete broadcasting system can be assembled and ready to broadcast within a few hours. One helicopter can carry a "heli-hut" which contains the broadcast gear A typical hut may be about 12 feet in length, six feet wide and six feet high. It may weigh 4000 pounds and can be carried by an H 37 helicopter on a 100-mile mission without refueling. Standard Army cargo planes and ground vehicles may also transport the broadcast huts.

The system can receive and monitor outside radio broadcasts, and tape or convert them for rebroadcast on either medium or short wave equipment. It can also be used to originate programming and could broadcast two different programs on two wave lengths to two separate audiences at the same time.

Artic and Antartic expeditions have been always troubled by snowfall that buries campsites and shrinks snow tunnels. But at Camp Century on the Greenland icecap the Army is working on the problem. The U S Army Engineers are testing a snow trimming machine built to scrape new falleq snow from the top of buildings and snow tunnels. Consisting of a trimmer head mounted on a self propelled platform it runs on a track attached to the roofs of buildings. The track is aluminum and designed to guide, support, and hold down the trimmer At the same time, the Army is testing a machine that will crush blocks of snow removed by the trimmer. And put the dry, crumbled snow on a pneumatic conveyor system that will take it outside the camp The convevor has been under test since last summer

So there you are Who says we aren t on the alert American ingenuity is also being used to solve problems that beset our Armed Forces

THE CREATURE

THE CREATURE APPEARED OUT OF THE WATER/...IT GREW LARGER AND LARGER//... THE SOLDIERS WERE PETRIFIED//...THEY RAN IN EVERY DIRECTION, NOT KNOWING WHAT STRANGE EVIL HAD BEFALLEN THEM... MEANWHILE UNKNOWN TO THE FRIGHTENED ENEMY...A FEW SPECIALLY SELECTED GI'S MADE THEIR WAY THROUGH THE DARK NIGHT/ WITHIN A FEW MINUTES A HIGHLY EFFECTIVE ENEMY RADAR STATION WOULD BE BLOWN FROM THE FACE OF THE EARTH...

KILL THE MONSTER// SHOOT IT DOWN BEFORE IT COMES ASHORE///

GENTLEMEN, WE HAVE A SERIOUS PROBLEM ON OUR HANDS/ A RADAR STATION ON ONE OF THE RYUKYU ISLANDS IS SERIOUSLY IMPAIRING OUR BOMBING MISSIONS ON OKINAWA/ WE MUST ELIMINATE THE STATION, OR THE WAR MAY BE PROLONGED BY SEVERAL MONTHS/ THE SITUATION IS HIGHLY COMPLICATED/

WE CAN'T SHELL THE ISLAND FOR A VERY GOOD REASON/ THE ENEMY HAS SET UP A PRISONER OF WAR CAMP ON THE SAME SITE AS THE RADAR TOWER/ A FORCEFUL RAID WOULD COST THE LIVES OF HUNDREDS OF AMERICAN PRISONERS// THEREFORE, AN ALTERNATIVE PLAN MUST BE USED/ MAJOR LODY, OF MY STAFF, HAS DEVISED A MOST UNUSUAL SCHEME/ HE IS WAITING OUTSIDE TO EXPLAIN.

MAJ. LODY OUTLINED ONE OF THE MOST BIZZARE PLOTS THE GENERALS HAD EVER HEARD...

THE PLAN ENTAILS A RATHER ODD DIVERSIONARY TACTIC/ THE ISLAND IS HEAVILY PROTECTED ON ALL SIDES/ DEMOLITION EXPERTS CAN HANDLE THE JOB IN LESS THAN TWO HOURS/ THE SURROUNDING WATERS ARE RIDDLED WITH MINES, ELIMINATING THE USE OF NAVAL CRAFT/ THE MEN WILL SWIM NEAR THE SHORELINE AND CREATE A DIVERSION THAT WILL SHOCK THE GUARDS OUT OF THEIR WITS...

IT'S CERTAINLY WORTH A TRY/ I'LL GO ALONG WITH IT/

LESS THAN A WEEK LATER SEVERAL UNSUSPECTING GIS WERE GIVEN ORDERS TO MEET WITH MAJ. LODY... SGT. JAY BROCK WAS ONE...

WONDER WHAT'S UP?..MAYBE THEY DECIDED I'VE BEEN SUCH A GOOD BOY, I CAN GO HOME NOW...BOY/ HOW I'D LOVE TO GET OUT OF THIS STINKIN' FLEA HOLE...

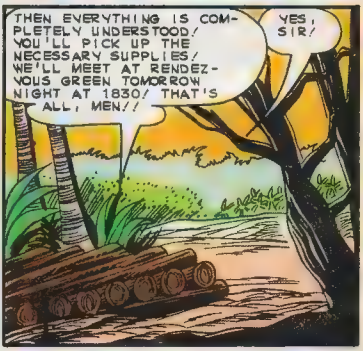
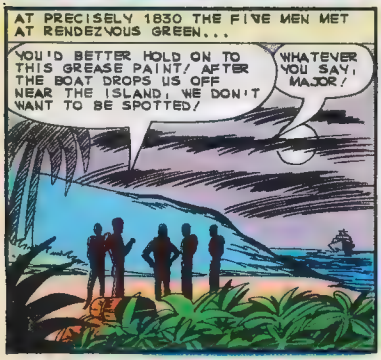
HEY, YOU GUYS! YOU'RE TO REPORT TO THE C.O. ON THE DOUBLE!

YOU MEN HAVE BEEN ESPECIALLY SELECTED FOR THIS MISSION BECAUSE OF YOUR SPECIALIZED BACKGROUND WITH HIGH EXPLOSIVES! OUR OBJECTIVE IS TO BLOW UP A RADAR TOWER LOCATED ON A SMALL ISLAND LESS THAN A HUNDRED MILES FROM HERE! THE ENEMY IS PRACTICALLY EXPECTING US...

AS SOON AS THE BALLOON IS INFLATED WE HEAD FOR SHORE AND THE TOWER! IF ALL GOES WELL, THE ENEMY SHOULD BE SCARED SPEECHLESS, AND WE'LL BE IN AND OUT BEFORE THEY KNOW WHAT'S HAPPENED! IF NOT--WELL...
MAJOR, THAT'S THE GREATEST PLAN I EVER HEARD!



THEN EVERYTHING IS COMPLETELY UNDERSTOOD! YOU'LL PICK UP THE NECESSARY SUPPLIES! WE'LL MEET AT RENDEZVOUS GREEN TOMORROW NIGHT AT 1830! THAT'S ALL, MEN!!
YES, SIR!



AT PRECISELY 1830 THE FIVE MEN MET AT RENDEZVOUS GREEN...

NEW DISCOVERY IN HYPNOTISM

shows how to hypnotize in 30 seconds!

Yes, an amazing new method has been developed to bring on quick, easy induction of the hypnotic trance. Now, for the first time, you too can benefit from this recent discovery in hypnotic induction.

QUICK RESULTS

Want to hypnotize your friends? Your club members? HOW TO HYPNOTIZE is a remarkable primer that shows you just how to master the latest improved induction methods. The author, a widely experienced hypnotist and consultant, gives you the exact positions to take, the precise phraseology, all the steps necessary to hypnotize even the most difficult subjects.

EXCLUSIVELY in **How to HYPNOTIZE**

ENTIRELY NEW METHOD

Until recently the process of hypnotic induction was largely based on trial and error methods which succeeded mainly with subjects who were highly susceptible to hypnosis in the first place. The truth is that these highly susceptible subjects make up a very small percentage of the population. That is why amateurs and beginning hypnotists have so often been disappointed in their attempts at trance induction. Now, however, recent scientific research has developed ENTIRELY NEW METHODS that are not only sure fire in their results but quick and easy to achieve! For the first time, these new methods are presented in HOW TO HYPNOTIZE in language that you can easily and successfully follow on the very first reading!

SHOWS YOU STEP BY STEP

This book — which has been acclaimed by doctors and psychologists — is guaranteed to give you all the know-how necessary to induce the trance state in others. It not only explains the latest discoveries in hypnotic induction, but it shows step by step, move by move, exactly how to bring on the trance: how to transform the trance into deeper and still deeper states; and how to terminate the trance quickly and effectively without any dangers whatsoever. You are even given alternative methods, so that you can actually chose the one that suits you best.

USED BY DOCTORS
The book that is being used by doctors and psychologists to learn hypnotic induction is now available to you

Learn Whenever You Want—Like Having Private Instructors In Your Own Home

This MADE SIMPLE *SELF-TEACHING* set is the only encyclopedia that makes important subjects part of your general knowledge instead of boring, "required" books to solve every problem. It covers practical, useful subjects in everyday language. It's like having private instructors in your own home. Learn at your own pace. No outside work, nothing else to buy. The books start from the beginning, assume no previous knowledge and lead you quickly and carefully through the entire subject. Prepared by experts for adults working without supervision, they are perfectly supplement classroom texts, which contain confusing technical language.

Beautiful Library Volumes Perfect for Learning, Brush-Up, Permanent Reference

Whether you want to learn for the first time, review subjects you forgot or use for ever-ready reference, you could find no better or more convenient set. These handsome 7½ x 10½ inch, 24-carat gold imprinted, matched library volumes are not digests or outlines. Every point is made absolutely clear by illustrations and simple step-by-step explanations, using everyday situations. No half-answers to confuse you, no cross-references to make you use several books to get information. All the books teach you naturally, without memorizing long lists of facts.

Complete Explanations, Simple Illustrations Make Every Point Clear—No Previous Knowledge of the Subject Required

Here's how complicated subjects are MADE SIMPLE. In PHYSICS MADE SIMPLE, you are shown this simple home experiment, which costs nothing. Hold one edge of a letter paper against your chin, just below lower lip, with the paper hanging over and down. Blow above the paper and it will rise as if pulled up in the air stream. This simple principle makes airplanes fly and teaches us to make moving objects move quickly and easily. Other books give you Bernoulli's Law, molecular action and other confusing terms. By the time you got to the experiment, if there was one, you wouldn't understand it. Here you read a simple explanation, do the experiment and *then* learn the technical terms, so you learn naturally, by doing, without memorizing anything. This has worked for many people who thought they were more hopeless than you may think you are.

You would pay many times the price for much less beautiful and useful encyclopedias. But these books, with sample military and civil service tests, hundreds of illustrations, hundreds of safe, easy home experiments, thousands of pages of clear, concise, valuable instruction and self-tests with answers in the back, will be USED, ENJOYED and ADMIRED by all your family and friends.
